IMPROVEMENT PLANS
FOR THE HIGH SCHOOL

General Overhauling and Additions of
New Facilities.

The board of directors of the Tempe
Union High School, together with
their live superintendent, J. F. Sulli-
van, are planning larger and better
things for the coming year.

A fence will be built about the en-
tire high school grounds, concrete
posts will be used, the east and south
sides will have a high woven wire
fence, the top to have a barbed wire,
a part of the west side will have same
material, but the part immediately
about the west and north fronts will
have a fine ornamental fence that will
be a credit to the school district. A
new concrete walk will be laid from
the north front to the street walk.

The board is expecting large things
from the athletics, and the past work
of the school surely justifies this con-
fidence. The ground will be put in
good shape, a new grand stand will be
erected, with cover over same, and the
seats are to be comfortable.

The high school building is to be
painted upon the outside, at least the
woodwork of same. Within the build-
ing all floors are to be cleaned and
oiled. Janitor Fred Patterson is now
engaged in this part of the work. All
furniture is to be cleaned and var-
nished, walls touched up here and
there.

Much new equipment is being added
to make the school more efficient than
in the past, not the least of this new
equipment is the work done in the li-
brary. This has been entirely new
catalogued, making it of far greater
service, and more than one hundred
new volumes added. This part of
Tempe high school is in good shape for
the students' work.

New machinery is being added to the
manual training department. It is felt
that under the direction of Professor
Jennings this department will give the
student good training.

The science department will have a
new telescope, and also a new micro-
scope. A new department is to be
added, with studies in botany, zoology,
physiology and physical geography.
The teacher for this new department
has not yet been elected. Professor
Sullivan is hoping and working for
large things in the coming years.

UNSIGHTLY FACE SPOTS

Are cured by Dr. Hobson's Eczema
Ointment, which heals all skin eruptions.
No matter how long you have
been troubled by itching, burning, or
scaly skin humors, just put a little of
this soothing antiseptic, Dr. Hobson's
Eczema Ointment, on the sores and the
suffering stops instantly. Healing be-
gins that very minute. Doctors use
it in their practice and recommend it.
Mr. Allen, of Littleton, Pa., says:
"Had eczema on forehead; Dr. Hobson's
Eczema Ointment cured it in two
weeks." Guaranteed to relieve or money
refunded. All druggists, or by mail,

adelphia and St. Louis.—Advertisement.

FANS GO TO PHOENIX.

Many baseball fans journeyed over
to Phoenix Sunday afternoon to wit-
ness the ball game there. They not
only went by train, but Finch's tallyho
was brought out and loaded and
whirled over. Speaking of the fans,
there is much rejoicing among them
over the news from the Red and White
in that the ball team from Tempe has
won at least two games of the series
of four to be played in Globe and Mi-
ami on this trip. The fans are hoping
for the other two of the series and
the confidence of the lovers of base-
ball in the Tempe team is sure gain.
It is a case of "great expectations."

Awaiting The
Joyful Sound

The Wonderful Music that Bursts Forth
When the Stork Arrives.

That funny, little, brassy cry that echoes
the arrival of the new baby is perhaps the

most cherished remembrance of our lives.
And thousands of happy mothers owe their
preservation to health and strength to
mothers everywhere have relied upon
it. It is applied to the abdominal mus-
cles, tenderness and pain, enables the muscles
to expand gently, and when baby comes,
the muscles relax naturally, the form is
preserved without laceration or other ac-
cident.

You will find Mother's Friend on sale at
almost any drug store, as it is one of the
standard, reliable remedies that grand-
mothers everywhere have relied upon.
With its daily use during the period of
expectation, there is no weakness, no
nausea, no morning sickness, no pain, dis-
tress or strain of any kind. Its influence
is truly remarkable, as it penetrates the
tissues and renders them pliant and easily
governed by the demands of nature. You
will be surprised at its wonderful effect, and
what a grateful relief it affords.
Especially to young women. Mother's
Friend is one of the greatest of all helpful
influences.

You will find this wonderful remedy on
sale at the store where you trade, or they
will get it for you. It is prepared by Brad-
field Regulator Co., 130 Lamar Building,
Atlanta, Ga. Write them for a very valu-
able book to expectant mothers.

CROP GIVES PROMISE OF
BEING RECORD BREAKER

A Fourteen Acre Tract Lying South
of Mesa

So much has been said lately about
the wonderful cotton crops in the
Mesa section that there is some hesi-
tancy in broaching the subject
but here goes for one more.

J. W. Horsley who resides in the
southern part of town and who is
farming fourteen acres and a mile south
of the Arizona Eastern station, has
what comes very near being the
prize crop in this section, and that
is saying a great deal, and we won't
say that it is the prize crop but if
nothing happens to it in any way it
will yield twenty bales of cotton
standard size.

That may sound big, but the writer
is vain enough to think that he
knows what he is talking about.

The crop was planted on old alfalfa
land, and has not had any special
care more than goes with good farm-
ing, and the further fact that Mr.
Horsley is an old cotton farmer
from the south, and combined good
soil, good work, and experience and
his crop is among the best in this
section.

AN OPPORTUNITY

At a meeting held in the town hall
Saturday last it was decided by the
land owners in the Queen Creek dis-
trict to disorganize, and throw the
land back to individual manage-
ment. Ever since the district was
formed there has been more or less
friction and no unity of purpose and
it was felt that the district was too
large and conditions too diverse to
ever get any better, so it was de-
cided to discontinue the organization,
and now that the organization is out
of the way, an opportunity presents
itself to capital to come in to that
section and on a basis of acre for
acre develop the thirty-five thousand
acres that lies south and east
of Mesa and Chandler.

Commencing on the west at the
Chandler ranch and running east for
about seven miles the depth to wa-
ter is from forty to seventy feet.
Power could be obtained from the
Roosevelt dam and a first class sys-
tem could be installed and homes
created for hundreds of families.
There is in the Salt River Valley five
hundred thousand acres of land very
little more than two-fifths of that
can come under the gravity system,
so it can be seen that there is a
large field awaiting those with the
taking and grit to face the under-
taking and whoever does, will add a
large acreage to the Imperial Valley
of the Salt and incidentally add a
princely sum to his bank account.

FOR CUTS, BURNS AND BRUISES

In every home there should be a
box of Bucklen's Arnica Salve, ready
to apply in every case of burns, cuts,
wounds or sores. J. H. Polanco, Del-
mar, Cal., writes: "The world's best
girl's cut foot. No one believed it
could be cured." The world's best
valve, Tex., R. No. 2 writes: "Buck-
len's Arnica Salve saved my little
salve. Only 25c. Recommended by
all druggists." (Advertisement)

WEST PASSES THROUGH

Mr. A. West who has been work-
ing for the government at the intake
above the Roosevelt dam for some
time, passed through Mesa yesterday
on his way to Phoenix where he
expects to spend a short vacation.

GOES TO SALT LAKE

Howard Duffin who has been visit-
ing with relatives in Lehi for sev-
eral months passed last yesterday for
his home in Salt Lake City. While
here Mr. Duffin made a host of
friends who regret his departure, and
the prediction is freely made that
not many moons will pass ere the
lure of the valley will call him
back.

WILL VACATE AT THE COAST

Mrs. McDaniels the popular man-
ager of the Mesa Hotel expects to
go to Los Angeles about the first of
August for a month's vacation. Mrs.
McDaniels has been in charge of the
Mesa Hotel for two years and during
that time has not been away for a
day, and is now beginning to feel
the strain. During her absence the
house will be in charge of competent
assistants.

AT THE REEF

Several of the ungodly fished at
the Reef yesterday. Just what luck
they had is not known, but yesterday
morning while the writer was tak-
ing of his humble repast a small
boy came to inquire as to the law
governing fishing, he was armed with
rod and the other necessary assets
that go with a fishing kit. No, he
did not have a bottle or at least
none was visible but there was sev-
eral of more mature years in the
different parties and it is hard to
tell what kind of bait they carried.
But of course Mesa is a dry town.

TO SANTA ANA

Mrs. Clarence Trickey and two
children will leave in a couple of
days for Santa Ana, Cal., where
they will spend the rest of the sum-
mer with relatives.

STRANGERS IN TOWN

J. R. Hatfield of Phoenix, Lee F.
Hand and S. Floethe, of Tonapah,
and R. E. Colebank, are at the Mesa
hotel.

GONE TO EUROPE

Mrs. M. J. Dougherty wife of
Town Attorney Dougherty has gone
for an extended visit in New York
and Europe. Mrs. Dougherty will
likely remain away from Mesa till
late in the fall.

RID YOUR CHILDREN OF WORMS.

You can change fretful, ill-tempered
children into healthy, happy young-
sters, by ridding them of worms. Toss-
ing, rolling, grinding of teeth crying
out while asleep accompanied with in-
tense thirst, pains in the stomach and
bowels, feverishness and bad breath,
are symptoms that indicate worms.
Kickapoo Worm Killer, a pleasant can-
dy lozenge, expels the worms, regu-
lates the bowels, restores your children
to health and happiness. Mrs. J. A.
Brishin, of Elgin, Ill., says: "I have
used Kickapoo Worm Killer for years,
and entirely rid my children of worms.
I would not be without it." Guaranteed.

MESA SHORT NOTES

Mesa's popular band gives a con-
cert on Main street every Saturday
night at 8 o'clock. The audience nec-
essarily has to stand or bring their
chairs with them. The suggestion is
made that the north plaza be fitted
with a band stand and seats for the
public.

The recent revival of interest in
Pineair has apparently been put on
cold storage. While no doubt nothing
can be done in time to help out
this summer, it is well to remember
that the matter is fast approach-
ing. The valley can keep a great
many thousand dollars at home in
1914 by completing the Pineair road.

The Mesa lawyers have given up
the plan of forming a bar associa-
tion. Bars are no longer popular
here, owing to the local option law.
W. H. Gilbert is suffering from a
small ulcer in his nose that has so
inflamed that organ as to make its
owner an object of suspicion. Mr.
Gilbert says that his nose may be
red and painful, but it has not taken
him long to acquire it nor has it
cost him as much money as other
people he could name.

There is a resident of Mesa who
always gets up and dresses when the
wind begins to blow harder than
usual during the night time. This
habit was formed during a residence
in Kansas and he has become an auto-
matic matter of course.

The turkey trot, the tango and the
bunny hug have been barred from
the regular weekly dances held in
Mesa, and now some of the boys
want to have a turkey trot club
that will fill the long idle winter
during the coming fall and winter sea-
son.

Councilman Fred Maier, who is al-
so street superintendent, has notices
posted for numerous street improve-
ments that have been ordered by the
city. It is expected all of his spare
time to look after public affairs and
there is no pay attached. The next
time he runs for office it will be for
a position that has something more
than questionable glory attached to
it.

It has been raining to the north
of Mesa, to the east, and to the
west, but only a few drops fell in
town. But then, why should we
worry? Mesa is a "dry" town.

A. P. Taylor followed mining for
several years in Arizona, but last
year he decided to engage in farming.
That he is making success of the
new industry is shown by the big
melons and the magnificent field of
cotton he has to show for his work.

Word just received from W. K.
Bowen and Ed Jones, who are
sending their vacation in the moun-
tains, is to the effect that they had
found the trail of the cat eating
beard and that the spoor was fresh.
They hope to capture the animal be-
fore Colonel Roosevelt returns from
the north.

The recent threatening weather has
diminished church attendance to a
considerable extent, but there is only
a slight difference in the receipts of
the picture show houses.

PIONEER SERVICES AT TABER-
NACLE

Services commemorating the sixty-
sixth anniversary of the arrival of
the pioneers in Salt Lake Valley
July 24th 1847, was held at the state
tabernacle last evening.

There was a good attendance con-
sidering the threatening state of the
weather, addresses were made by
President J. W. Lesueur, Miss Lottie
Noble and others.

A special feature was the music
which was furnished by the Stake
Choral society under the able man-
agement of Prof. Hansmann.

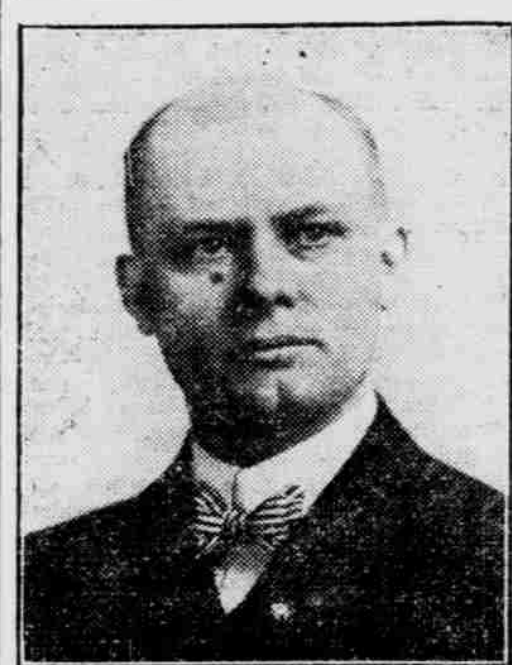

SWEETEST THING IN THE
WORLD

Is a baby, yet how many women are
denied this blessing because of some
physical ailment which may be cur-
able. It has been said that hundreds
of children owe their existence to
Lydia E. Pinkham's Vegetable Com-
pound, which we believe has brought
health and happiness to more women
in this fair land of our than any
other remedy.—Advertisement.

PROHIBITION SPEAKER
MAKES TOUR OF VALLEY

W. G. Calderwood, Chairman of Min-
nesota Committee to be
Here Tuesday.

W. G. Calderwood, the Minnesota
prohibition orator, will make a speak-
ing tour of the Salt River valley be-
ginning with a date in the City Hall
Plaza on Tuesday evening. Having
been on the coast in attendance at
the Christian Endeavor convention
there, Mr. Calderwood takes the op-
portunity of being close to Arizona

W. G. Calderwood

to include the state in his itinerary,
and will in addition to speaking in
Phoenix, deliver addresses also in
Tempe, Glendale, Peoria and Wick-
enburg.

Mr. Calderwood has a reputation
as an orator in Minnesota, where he
is the chairman of the prohibition
committee for that state. He has
been upon the lecture platform for a
number of years, and has obtained
numerous well earned encores for
his work. His discussions of the li-
quor traffic are clean cut, scholarly,
and convincing. He is a careful up-
dater to date student, knows the latest
aspect of the matter, brings new facts
continually to bear upon it, and with-
al is a strong clean American.

His tour through the valley will
be conducted in an automobile. After
speaking on Tuesday night at 8
o'clock, he will remain over night
here. In the morning at 10 o'clock
he will open at Tempe, will be at
Glendale at 1:30; Peoria at 3 p. m.
and at Wickenburg at night, quite a
strenuous day's work.

ANOTHER MEMBER OF
GANG IS ARRESTED

Alberto Ramirez, Thought to Be One
of the Gang That Murdered Of-
ficer Harris, Is in the Tails.

Alberto Ramirez, alleged to be one
of the gang that slew Officer Charles
Harris during the early hours of July
6, was arrested yesterday morning by
Officers Morrell, Wilkerson and Mc-
Grath and Deputy Sheriff Perry, at the
Star lodging house. Officers Morrell
and Wilkerson had been on the trail
of the man nearly all night and they
located him at the place where he was
arrested about 3:30 in the morning.
Just as the officers had located the
man the man was occupying Perry's
car came along and assisted them in
guarding the exits from the place.

When Ramirez was ordered to open
the door of the room he refused, but
after a little parley he consented and
was immediately placed under arrest.
When the officers were removing him
to the patrol wagon he became very
belligerent and the torrent of vituperation
that he poured on the heads of the of-
ficers did not cease until he was shown
that the best thing for him to do was
to keep quiet and go along peacefully.

Deputy Sheriff Perry, assisted by
Officer McGrath, took the man to the
county jail, where he was questioned
regarding his knowledge of the crime.
Ramirez refused to answer any ques-
tions, declaring that he had been ar-
rested once in connection with the
crime and it had been found that he
knew nothing regarding the matter.

Ramirez refused to answer any ques-
tions, declaring that he had been ar-
rested once in connection with the
crime and it had been found that he
knew nothing regarding the matter.
The morning after he was turned
loose Ramirez left the city and went to
work on a ranch where he has re-
mained ever since, except for one short
visit to his old haunts on July 12, dodg-
ing the officers who were on the look-
out for him.

A few hours before the arrest of
Ramirez the police were called to the
Star lodging house to quell an incipient
riot that was occurring in the
"bull pen" inside the rectangle formed
by the building. Some of the wit-
nesses of the fray stated to the police
that knives were freely displayed, but
when the police searched the men they
found that only one of the fighters had
a knife in his possession. This haul
of the guardians of the public peace
netted eleven men.

While the police were at the place they searched it
thoroughly, but Ramirez was not an
occupant of any of the rooms.

An amusing thing happened during
the raid. While the officers were put-
ting the prisoners in the wagon one

of them attempted to escape, but the
wagon reached over the side of the
wagon and lifted the man gently off
his feet, shook him and then gently
sat him down in the seat. The man
kept his seat until the wagon arrived
at the city hall, without making any
further attempts to escape.

Ramirez has often been in the toils
and has served quite a few sentences
in the city jail. A short time ago he
was arrested by Officer Morrell for
being drunk and disorderly and he told
the officer that if he had a gun he
would not have been taken to the jail.
Another time he was arrested and
when he was searched he was found to
be carrying a vicious looking revolver
of 45-caliber.

Ramirez will be given a hearing be-
fore Judge Johnstone some time today,
and it is expected his comrades will
also be examined.

AMUSEMENTS

The Oregon Prison

Beginning today and continuing to-
morrow Elmo S. White will present
his illustrated lecture on "The Ore-
gon Prison," giving a full explana-
tion of the honor system, and how it
differs from that used before its in-
troduction. Explanations are also
given of the thumb print system of
identifying criminals and the mea-
surements of the Bertillon sys-
tem. In addition to this there will
be shown the usual run of pictures.
Alice Joyce, by many believed to be
the most beautiful woman in mov-
ing pictures is appearing in a thrill-
ing drama entitled "A Bottle of
Wits," and the Pathe company is
showing on the same reel with a
dramatic production "The Engineer's
Daughter," a series of views of Cairo,
one of the wonder cities of Egypt.

THE OLD SCHOOL SLATE

Remember the old school slates,
bound in red flannel to prevent the
noise of slate rattling that used to
become unbearable, until manu-
facturers found how to muffle them?
Stores selling school supplies used to
carry great stocks of them, for it
was a rare day in a room that did
not see a slate or two broken; but
where are they all now? Since the
boards of health decided that they
were unsanitary and decreed against
them, the whole tribe has disappear-
ed.

UNCLE JAKE'S GOOD HUMOR

Bobbie—Oh, mamma! Have you
seen Uncle Jake? He looks awfully
happy.
Bobbie's Mother (anxiously)—
What's the matter with him?
"I think he has been taking some
of that good natured alcohol."
